The text of your abstract starts here.

Number equations consecutively. Punctuate equations with commas or periods when they are part of a sentence, as in:

$$\dot{x}(t) = Fx(t) + Gu(t), \quad x(0) = x_0. \quad (1)$$

Use “(1)”, not “Eq. (1)” or “equation (1)”, except at the beginning of a sentence: “Equation (1) is . . .”

Theorem 1. The Theorem, Definition, Remark ... should be numbered consecutively as Theorem 1, Theorem 2, ..., Definition1, Definition 2..., Remark 1, ..., and so on.

All thanks for your contribution.

Keywords: Please, provide 4 to 6 keywords which can be used for indexing purposes.

AMS Subject Classification: The author(s) should provide AMS Subject Classification numbers using the link <https://mathscinet.ams.org/msnhtml/msc2020.pdf>.
